3. Rules and Regulations

The ISSF World Cup will be conducted according to the ISSF Rules and Regulations "Edition 2013 (Third Print 01/2015) – Effective 1 January 2015". Detailed information is available on the ISSF website www.issf-sports.org.

ISSF Juries (Jury of Appeal, Competition Jury, Classification Jury, Equipment Control Jury) will be designated by the ISSF to supervise the ISSF World Cup. Qualified Range Officers / Referees holding applicable ISSF licenses will conduct the competitions.

Equipment Control will be conducted according to the ISSF Rules using approved, calibrated instruments. Under rules adopted in 2013, pre-competition testing is no longer mandatory. However as before, athletes are responsible for competing with legal equipment and clothing and are urged to submit all doubtful equipment and clothing to Equipment Control for checking before the competitions. All athletes are subject to being selected for random post-competition testing according to ISSF Rule 6.7.9 and will be disqualified if their equipment or clothing is not legal according to ISSF Rules.

All rifle athletes must have ISSF seals with serial numbers on their jackets and trousers. Any rifle jackets or trousers that do not have ISSF seals must be submitted to Equipment Control for inspection and the affixing of a seal before the athlete's first competition. Jackets and trousers that were previously inspected and have an ISSF seal continue to be valid except that athletes with more than one jacket or trousers must report to Equipment Control before their first competition to confirm which jacket and which trousers they will use. All other seal numbers for that athlete will be cancelled. Athletes that wish to replace a registered jacket or trousers with a new clothing item must bring that item to equipment control for inspection and a new seal. Previous seals will then be cancelled. Rifle athletes can have only one active jacket and trousers at any time.

Regarding the use of air or CO2 cylinders, please refer to ISSF Rule 6.2.4.2. that states: "It is the athlete's responsibility that any air or CO2 cylinder is still within its validity date. This may be checked by Equipment Control."

4. Participation

ISSF Member Federations may enter a maximum of three (3) athletes per World Cup event and up to two (2) additional athletes to shoot for "MQS only".

The additional "MQS only" athletes will be listed separately according to their results, but without ranking – these results cannot be recognized as World Records (**ISSF Rule 3.9.5**).

Because of expected very high numbers of entries, the additional athletes to shoot for "MQS only" are NOT permitted for all Shotgun events!

The maximum number of starts per event is the number of athlete entries that can be handled / accepted for each ISSF World Cup event. Range capacity is determined by the available shooting time and the number of available firing points and ranges.

If the maximum number of starts is reached during the Final Entry process, a "waiting list" for that event(s) will be established. If cancellations are subsequently received, entries from the waiting list will be entered on a first come, first served basis. ISSF Headquarters and the Organizing Committee will cooperate to determine if additional entries from the waiting list can be accommodated.
